

ALFRED U. PAGUIO

ABOUT ME

As a recent graduate in Information Technology, I am a dedicated and motivated individual with a passion for technology and programming. I am seeking an entry-level programmer position in a dynamic environment to apply my skills and contribute to developing robust systems that help others achieve their goals.

PAST PROJECTS

Personal Data Sheet System for public school teachers - 2019

- Assisted Nite Guerrero in the development of the system as a co-developer for this School Division Office - Muntinlupa project.
- Actively contributed to the development of software code and implemented solutions that streamlined processes on existing features of the software.
- Analyzed code for system testing and debugging; created test transactions to find and isolate bugs to solve them.
